

Capabilities Statement

OVERVIEW

Indianapolis Roofing LLC began in 2010 with a clear mission: to establish long-term relationships with quality-oriented customers by exceeding their expectations. Many of our customers have been with us for 15 years or more. Indianapolis Roofing professionals share a bond forged by service, performance and community. We have successfully installed millions of square feet of single ply, bituminous, metal and other roofing systems across the Indianapolis and other nearby areas. With a fleet of company-owned vehicles and equipment, Indianapolis Roofing always has the resources we need to do the job quickly and efficiently.

OUR SERVICES

We specialize in the commercial and industrial roofing industry. Our expert roofing technicians install commercial roof systems for all of the major single-ply, built-up and modified bitumen roof system manufacturers, including:

- Residential and Commercial Roofing
- Roof Replacement and Maintenance
- Emergency Roof Service
- Hail Damage Roof Repair
- Gutter Installation, Repair, Replacement
- Siding Installation
- Restoration

DIFFERENTIATORS

- GAF Certified Installers

CORE COMPETENCIES

- Roof replacements
- Single ply
- Modified Bitumen
- Metal
- Safety
- Repairs 24/7/365
- Maintenance

MISSION

To establish long-term relationships with quality-oriented customers by exceeding their expectations. We focus on identifying and addressing the roofing needs of commercial and industrial properties. Our annual pre-storm documentation and maintenance packages are designed to help our clients secure the full replacement value of their roofs, preventing denied claims and avoiding the hassle of prolonged negotiations with insurance companies. We take pride in being recognized for our commitment to reducing liability, achieving cost savings, ensuring smooth transactions, maintaining professionalism, prioritizing safety, and delivering consistent quality in every project.
